Supports Measure O

Editor,

We fully support Measure O. As senior citizens, we so appreciate Clinic II where we can see specialists without having to drive to the valley.

In addition, we enjoy the services of all the testing available to us. We can have

MRIs, X-rays, ultrasounds and blood work, just to name a few.

Lastly, the emergency room is critical as a first stop in event of a critical situation. Personally, I feel my life was saved when I had a stroke. I was taken to our hospital in an ambulance then flown to Fresno for the required treatment.

We encourage all Mariposa residents to vote yes on Measure O!

Anne and Ray Dolchanczyk
